

# ASSOCIATE IN BUSINESS (DTA/MRP)

## Requirements

In planning this degree students need to work closely with their advisor or a counselor as although the Associate in Business degree transfers to four-year colleges and universities in Washington State, it may not meet specific department requirements.

To earn an Associate in Business degree all courses taken must be:

- At college level (numbered 100 or above).
- A minimum of 85 of the 90 credits required for the degree must be from the General Education Requirements for the Associate in Arts & Science – Direct Transfer Agreement. Copies of the list are available on line at [spscc.edu/programs/general-edrequirements](https://catalog.spscc.edu/programs/general-edrequirements).
- A class can only count once toward General Education requirements. For example, MATH 205 will satisfy either QUANTITATIVE or NATURAL SCIENCE course requirements, but not both.
- A cumulative grade point average of 2.0 or above in all college-level courses required.
- Although this degree is a general transfer degree, South Puget Sound Community College has provided pathways and associated recommended courses for ease of 14 student selection based upon a student's career interest. Please review the pathway maps for recommended courses and course sequences.
