

ASSOCIATE IN NURSING (DTA/MRP)

Courses by Quarter

To earn an Associate in Nursing DTA/MRP degree all courses taken must be: At college level (numbered 100 or above).

- A minimum of 75 of the 90 credits required for the degree must be from the General Education Requirements for the Associate in Arts & Science – Direct Transfer Agreement. Copies of the list are available online at spscc.edu/programs/general-edrequirements.
- A class can only count once toward General Education requirements. For example, CMST& 220 will satisfy either HUMANITIES or COMMUNICATION course requirements, but not both.
- A cumulative grade point average of 2.0 or above in all college-level courses required. Note that admission to specific upper division Nursing programs is competitive; therefore, no particular GPA can guarantee admission to any specific program.
- Although this degree is a direct transfer agreement/major-related program degree, South Puget Sound Community College has provided pathways and associated recommended courses for ease of student selection based upon a student's career interest. Please review the pathway maps for recommended courses and course sequences.
