

ASSOCIATE IN PRE NURSING (DTA/MRP)

Courses by Quarter

In planning this degree students need to work closely with their advisor or a counselor as although the Associate in Pre-Nursing Degree transfers to four-year colleges and universities in Washington State, it may not meet all university requirements. To earn an Associate in Pre-Nursing degree all courses taken must be:

- At college level (numbered 100 or above).
- A minimum of 85 of the 90 credits required for the degree must be from the General Education Requirements for the Associate in Arts & Science – Direct Transfer Agreement. Copies of the list are available on line at [spscc.edu/programs/general-edrequirements](https://catalog.spscc.edu/programs/general-edrequirements).
- A maximum of 5 credits will be allowed for courses numbered 100 or above that are not on the GE list.
- A class can only count once toward General Education requirements. For example, IIS 125 will satisfy either HUMANITIES or SOCIAL SCIENCE course requirements, but not both.
- A cumulative grade point average of 2.0 or above in all college-level courses required.
- Although this degree is a general transfer degree, South Puget Sound Community College has provided pathways and associated recommended courses for ease of student selection based upon a student's career interest. Please review the pathway maps for recommended courses and course sequences.
- A cumulative grade point average of 2.0 or above in all college-level courses required.
