## About the Catalog

Each year, SPSCC produces a digital catalog as another way to present what our college offers you. From course descriptions to degree requirements and more, you can browse the catalog to pre-plan your year and college experience.

Once you're enrolled in your first classes at SPSCC, the most important thing you can do is create a Degree Plan with your Educational and Career Planner. The catalog is a great tool to reference as you create that plan.

Ready to amplify your future at SPSCC? Visit our website by selecting the SPSCC logo or Apply button at the top of this catalog, and we'll get you onto the next steps to becoming a Clipper.
